

FIFRA

Section 2(ee) Recommendation

Date: February 10, 2022

Product: Orondis® Ultra
EPA Reg. No. 100-1612

Use: Addition of Pink Rot for Suppression in Potato

State: ND, NE, WY

Directions for Use

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- The user must refer to the federally approved labels for the above noted products and read and follow all directions for use, restrictions, and precautions.
- The user should have this recommendation in its possession at the time of use.
- This recommendation for use of this product is permitted under Section 2(ee) of FIFRA and has not been submitted to or been approved by EPA.

Apply two foliar applications of Orondis Ultra at 8 fl oz/A by ground application only for suppression of pink rot in potato. Make the second application 14 days after the first. Follow all other label recommendations and resistant management guidance on the Orondis Ultra Section 3 label.
