

2(ee) Recommendation

Use information in accordance with Section 2(ee) of FIFRA

DUPONT™ AVAUNT® INSECTICIDE

EPA Reg. No. 352-597

FOR CONTROL OF SPOTTED LANTERNFLY IN THE STATES OF DELAWARE, MARYLAND, NEW JERSEY, PENNSYLVANIA, VIRGINIA, AND WEST VIRGINIA IN:

- **GRAPES**
- **PEARS**
- **POME FRUIT (EXCEPT PEAR), INCLUDING: APPLE,
CRABAPPLE, LOQUAT, MAYHAW, AND QUINCE**
- **STONE FRUIT, INCLUDING: APRICOT, SWEET
CHERRY, TART CHERRY, NECTARINE, PEACH, PLUM,
CHICKASAW PLUM, DAMSON PLUM, JAPANESE PLUM,
PLUMCOT, AND PRUNE**

This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or approved by EPA.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Always read this FIFRA 2(ee) bulletin and the entire label on the product container before using this product. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation. Do not apply this product in any way that will contact workers or other persons, directly or through drift. Only protected handlers may be in the area during application.

DuPont™ Avaunt® insecticide is recommended as a foliar application to control spotted lanternfly in Grapes, Pears, Pome Fruit, and Stone Fruit. Thorough coverage is essential to achieve control. Multiple applications may be required to maintain control and prevent reinfestation from migrating adults into the crop. Spotted lanternflies are mobile and may reinfest crops quickly. If another treatment is needed before the minimum retreatment interval, use another insecticide to maintain control.

In Grapes, apply Avaunt® at 6.0 ounces/acre (0.11 lb a.i./acre) as a foliar spray based on locally established treatment thresholds. Apply in sufficient water to obtain thorough coverage of foliage. For best results, use an adjuvant to help increase coverage, penetration, and thus performance.

In Pears, apply Avaunt® at 6.0 ounces/acre (0.11 lb a.i./acre) as a foliar spray based on locally established treatment thresholds. Make no more than 3 applications prior to hand-thinning. No hand-thinning after the 4th application. Make no more than 4 applications per season. Do not apply dilute applications of more than 200 gallons of finished spray per acre. For best results, apply 50 – 150 gallons of finished spray per acre.

In Pome Fruit (except Pear), including: Apple, Crabapple, Loquat, Mayhaw, and Quince, apply Avaunt® at 6.0 ounces/acre (0.11 lb a.i./acre) as a foliar spray based on locally established treatment thresholds. Make no more than 3 applications prior to hand-thinning. No hand-thinning after the 4th application. Make no more than 4 applications per

season. Do not apply dilute applications of more than 200 gallons of finished spray per acre. For best results, apply 50 – 150 gallons of finished spray per acre, and use an adjuvant.

In Stone Fruit, including: Apricot, Sweet Cherry, Tart Cherry, Nectarine, Peach, Plum, Chickasaw Plum, Damson Plum, Japanese Plum, Plumcot, and Prune, apply Avaunt® at 6.0 ounces/acre (0.11 lb a.i./acre) as a foliar spray based on locally established treatment thresholds. Make no more than 3 applications prior to hand-thinning. No hand-thinning after the 4th application. Make no more than 4 applications per season. Do not apply dilute applications of more than 200 gallons of finished spray per acre. For best results, apply 50 – 150 gallons of finished spray per acre.

DuPont will not be responsible for losses or damages resulting from the use of this product in any manner not specifically instructed by DuPont. User assumes all risks associated with uses not specified by label or DuPont 2(ee) instructions.

PRECAUTIONS

In Grapes:

Do not apply more than 6.0 oz Avaunt® (0.11 lb a.i.) per acre per application.

Do not apply more than 12 oz Avaunt® (or 0.22 lb a.i. of indoxacarb containing products) per acre per year.

Do not make applications less than 21 days apart.

Do not apply within 7 days of harvest.

In Pears:

Do not apply more than 6.0 oz Avaunt® (0.11 lb a.i.) per acre per application.

Do not apply more than 24 oz Avaunt® (or 0.44 lb a.i. of indoxacarb containing products) per acre per year.

Do not make applications less than 7 days apart.

Do not apply within 28 days of harvest.

In Pome Fruit (except Pear), including: Apple, Crabapple, Loquat, Mayhaw, and Quince:

Do not apply more than 6.0 oz Avaunt® (0.11 lb a.i.) per acre per application.

Do not apply more than 24 oz Avaunt® (or 0.44 lb a.i. of indoxacarb containing products) per acre per year.

Do not make applications less than 7 days apart.

Do not apply within 14 days of harvest.

In Stone Fruit, including: Apricot, Sweet Cherry, Tart Cherry, Nectarine, Peach, Plum, Chickasaw Plum, Damson Plum, Japanese Plum, Plumcot, and Prune:

Do not apply more than 6.0 oz Avaunt® (0.11 lb a.i.) per acre per application.

Do not apply more than 24 oz Avaunt® (or 0.44 lb a.i. of indoxacarb containing products) per acre per year.

Do not make applications less than 7 days apart.

Do not apply within 14 days of harvest.

IMPORTANT NOTICE

BEFORE BUYING OR USING DUPONT PRODUCT(S) COVERED BY THIS BULLETIN, READ THIS BULLETIN, AND THE LABELS FOR ALL PRODUCTS REFERENCED IN THIS BULLETIN, IN THEIR ENTIRETY, FOLLOW ALL APPLICABLE DIRECTIONS, RESTRICTIONS, AND PRECAUTIONS.

It is a violation of federal law to use this or any other pesticide product in a manner inconsistent with its labeling. This bulletin contains supplemental instructions for use of the referenced DuPont product. Follow these instructions carefully. This bulletin should be in the possession of the user at the time of application.

Read the Limitation of Warranty and Liability on the Section 3 Federal product label before buying or using THIS product. DuPont will not be responsible for losses or damages resulting from the use of this product in any manner not specifically instructed by DuPont. User assumes all risks associated with such uses not specified by the label or DuPont 2(ee) instructions. If terms are not acceptable, return the unopened package at once to Seller for full refund of purchase price paid. Otherwise, use by Buyer or any other User constitutes acceptance of the terms of the Limitation of Warranty and Liability on the Section 3 Federal product label.

As of November 1, 2017, the USEPA registration for DuPont™ Avaunt® insecticide was sold to FMC by DuPont.
