

FIFRA SECTION 2(ee) RECOMMENDATION

Date: September 12, 2025

Product: Miravis® Duo
EPA Reg. No. 100-1602

Use: Control of Red Leaf Blotch (*Polystigma amygdalinum*) on Almonds

State: CA

Directions for Use

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- The user must refer to the federally approved labels for the above noted product and read and follow all directions for use, restrictions, and precautions.
- The user should have this recommendation in its possession at the time of use.
- This recommendation for use of this product is permitted under Section 2(ee) of FIFRA and has not been submitted to or been approved by US EPA.

For the control of red leaf blotch (RLB) (*Polystigma amygdalinum*) on almonds, apply Miravis Duo at 13.6 fl oz/A as part of a two spray application program. Applications should be made prior to disease presence and occur at petal fall with a secondary application with an effective product on RLB, 2-3 weeks post-petal-fall in a seasonal fungicide spray program.

Follow all other directions for use, restrictions, and precautions on the Miravis Duo Section 3 label.
