SMARTCHOICE[®] HC
Higher Concentration Granules*

*This product contains a higher concentration of active ingredient than our other SmartChoice granular products.

EPA Reg. No.: 5481-579

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

THIS BULLETIN MUST BE IN THE POSSESSION OF THE USER AT THE TIME OF APPLICATION.

Before applying SMARTCHOICE[®] HC Higher Concentration Granules, please read the complete label affixed to the product container. All applicable directions, restrictions and precautions on the EPA-registered label are to be followed. Use of SMARTCHOICE HC Higher Concentration Granules according to this recommendation is subject to the use precautions and limitations imposed by the label on the container.

IMPORTANT: Read the entire Directions for Use and the Limited Warranty and Disclaimer on the EPA-registered SMARTCHOICE HC Higher Concentration Granules label before using this product.

Use Information

- For control of Asiatic Garden Beetle larvae, apply SMARTCHOICE HC Higher Concentration Granules in-furrow at planting and ensure that product is completely covered with soil.
- Refer to US EPA registered label for rate of SMARTCHOICE HC Higher Concentration Granules required per acre based on desired row spacing.
- SMARTCHOICE HC Higher Concentration Granules are available in the SmartBox®, a closed handling and application system. Please refer to the application systems operator's manual for detailed information on system operation and calibration procedures.

Crop	Pest	Rate (ounces per 1,000 feet of row)	Crop Rotational Intervals
Field corn Seed Corn Sweet Corn Popcorn	Asiatic Garden Beetle (larvae)	1.5 – 1.67	Corn: Anytime Other crops: 30 days
Restrictions: Do not make more than one application per year.
