

Supplemental Label

Finale® XL T&O

Herbicide

For use in dormant warm-season turfgrass and lawn or turf renovation and/or replacement in California

This supplemental label expires February 28, 2026, and must not be used or distributed after this date.

Active Ingredient:

glufosinate-ammonium* 24.5%**

Other Ingredients:..... 75.5%

Total: 100.0%

* CAS Number 77182-82-2

** Equivalent to 2.34 pounds of active ingredient per U.S. gallon.

EPA Reg. No. 7969-464

WARNING/AVISO

Directions for Use

- It is a violation of federal law to use this product in a manner inconsistent with its labeling.
- The supplemental labeling and the entire **Finale® XL T&O herbicide** container label, EPA Reg. No. 7969-464, must be in possession of the user at the time of application.
- Read the label affixed to the container for **Finale XL T&O** before applying.
- Use of **Finale XL T&O** according to this labeling is subject to the use precautions and limitations imposed by the label affixed to the container for **Finale XL T&O**.

Product Information

Finale XL T&O is a broad spectrum, postemergence, water-soluble concentrate herbicide for application as foliar spray to control annual and perennial emerged broadleaves, grasses, and sedges. **Finale XL T&O** is

nonselective and severely injures or kills green vegetation contacted by the spray. Refer to the **Finale XL T&O** container label for a complete list of weeds controlled.

For best results, apply **Finale XL T&O** under warm temperatures, high humidity, and bright sunlight to foliage of emerged in spray volumes that ensure uniform and thorough coverage of target vegetation.

Application Information

Finale XL T&O may be applied in turfgrass use sites (dormant warm-season (specified species only), lawn or turf renovation and/or replacement) in maintained turf settings including commercial, industrial, athletic, recreational, golf, sod farm, and residential lawns.

Dormant Warm-season Turfgrass

Apply **Finale[®] XL T&O herbicide** at 27 to 82 fl ozs/A (depending on weed size and growth stage, see **Use Rate** chart in **Finale XL T&O** container label) to control winter annual weeds in well-established dormant warm-season turfgrass species (only bermudagrass) grown in maintained turf settings, or in unimproved, dormant roadside turf. Apply **Finale XL T&O only when warm-season turfgrass is fully dormant** and before spring green-up or severe turfgrass injury or delayed green-up may occur. For best results, apply **Finale XL T&O** as a broadcast spray after most winter annual weeds have germinated and/or are in an early growth stage. Applications of **Finale XL T&O** may also be made to suppress or control undesirable biennial or perennial weeds. Avoid high volume and spot applications where spray volume exceeds 80 gallons per acre or injury or delayed greenup may occur. Apply **Finale XL T&O** in a single application or sequentially for winter annual weed control. If follow-up applications are necessary, re-apply **Finale XL T&O** (up to three times per year) in separate sequential applications at least 5 days apart.

Use-specific Restrictions

- **DO NOT** apply more than 82 fl ozs/A of **Finale XL T&O** (1.5 lbs ai/A of glufosinate) in a single application.
- **DO NOT** apply more than a maximum cumulative amount of 246 fl ozs/A of **Finale XL T&O** (4.5 lbs ai/A of glufosinate) from sequential applications in dormant warm-season turfgrass per year.
- Maximum number of applications per year: 3
- Separate sequential applications by at least 5 days.

Lawn or Turf Renovation and/or Replacement

Apply **Finale XL T&O** as a broadcast spray at 55 fl ozs/A (or as a spot spray at 0.63 fl oz per gallon of water for each 500 sq ft, equivalent to 1.0 lb ai/A) to remove any undesired lawn or turf (both including either cool-or warm-season turfgrass species) and to kill any existing broadleaf and grass weeds. For best results, apply in the spring or fall, when daytime temperatures are at least 60° F. For best results if the lawn or turf is dry, water every other day for a week before applying **Finale XL T&O**. Apply **Finale XL T&O** in a single application or sequentially for renovation. If more thorough renovation is necessary, re-apply **Finale XL T&O** (up to four times per year) in separate sequential applications at least 45 days apart.

To improve grass control, combine **Finale XL T&O** with a broad-spectrum herbicide or effective graminicide.

Use-specific Restrictions

- **DO NOT** apply more than 55 fl ozs/A of **Finale XL T&O** (1.0 lb ai/A of glufosinate) in a single application.
- **DO NOT** apply more than a maximum cumulative amount of 219 fl ozs/A of **Finale XL T&O** (4.0 lbs ai/A of glufosinate) from sequential applications for lawn or turf renovation and/or replacement per year.
- Maximum number of applications per year: 4
- Separate sequential applications by at least 45 days.

Conditions of Sale and Warranty

The **Directions For Use** of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and must be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of BASF CORPORATION ("BASF") or the Seller. To the extent consistent with applicable law, all such risks shall be assumed by the Buyer.

BASF warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the **Directions For Use**, subject to the inherent risks, referred to above.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BASF MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY OR ANY OTHER EXPRESS OR IMPLIED WARRANTY.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BUYER'S EXCLUSIVE REMEDY AND BASF'S EXCLUSIVE LIABILITY, WHETHER IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY, OR OTHERWISE, SHALL BE LIMITED TO REPAYMENT OF THE PURCHASE PRICE OF THE PRODUCT.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BASF AND THE SELLER DISCLAIM ANY LIABILITY FOR CONSEQUENTIAL, EXEMPLARY, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT.

BASF and the Seller offer this product, and the Buyer and User accept it, subject to the foregoing **Conditions of Sale and Warranty** which may be varied only by agreement in writing signed by a duly authorized representative of BASF.
