

Foli-Flex™

7-0-3

GUARANTEED ANALYSIS

Total Nitrogen (N).....	7.0%
7.0% Ammoniacal nitrogen	
Soluble Potash (K ₂ O).....	3.0%
Sulfur (S)	2.0%
Boron (B)	1.0%
Manganese (Mn)	2.0%
Zinc (Zn)	2.0%

Derived from aqua ammonia, ammonium sulfate, potassium citrate, manganese citrate, zinc citrate and boric acid.

KEEP OUT OF REACH OF CHILDREN

WARNING

Causes eye irritation. Suspected of damaging fertility or the unborn child. Harmful to aquatic life with long lasting effects.

PRECAUTIONARY STATEMENTS

Wear protective gloves/clothing and eye/face protection. Wash thoroughly after handling. Avoid release to the environment.

FIRST AID

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention.

In Case of Medical Emergency, Call Toll Free 1-877-424-7452

GENERAL INFORMATION

Foli-Flex™ is specifically formulated for foliar delivery of micronutrients.

DIRECTIONS FOR USE

Rate Recommendations

Soil Application: Field, Row, Vegetable, Fruit, Tree and Vine Crops: Apply 2-4 quarts per acre.

Foli-Flex™ is recommended for use on all types of soils. Because this is a concentrated solution, it should be diluted before use to ensure uniform coverage.

Foliar Application: Field, Row, Vegetable, Fruit, Tree and Vine Crops: Apply 1-2 quarts per acre.

Avoid applying this product when plants are suffering from moisture stress. If there is any doubt, apply the spray solution to a small test area of the crop or foliage to assess any undesirable effects or phytotoxicity before general application.

Optimum rate of application will vary depending on soil properties (such as pH, organic matter content, texture), weather conditions, time of year, plant species and general health. For best results, follow soil/tissue test recommendation.

MIXING AND HANDLING INSTRUCTIONS

Fill mix tank with half of required water volume and begin agitation. Add products in this order, mixing thoroughly after each addition: adjuvants, pesticides, then fertilizers. Fill tank with remainder of water and continue agitation until solution is completely mixed.

Check chemical mixture compatibility using a jar test prior to application.

WARNING: This product contains boron; use on any crops other than those recommended may result in serious injury to the crops.
