FIFRA Section 2(ee) Recommendation

For Distribution and Use Only in the States of: AL, AR, CT, DE, GA, IL, IN, KY, LA, ME, MD, MA, MI, MS, MO, NH, NJ, NY, NC, OH, OR, PA, RI, SC, TN, VT, VA, WA, and WV.

Aliette® Fungicide

EPA Reg. No 101563-18

For Managing Phytophthora Root Rot on Ornamental Chestnuts

FIFRA Section 2(ee) Recommendation: This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or approved by the EPA. This product bulletin should be in the possession of the user at the time of application of the product. All applicable directions, restrictions and precautions on the EPA registered label are to be followed.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This label must be in the possession of the user at the time of pesticide application. Follow all applicable directions, restrictions, Worker Protection Standard requirements, and precautions on the EPA registered label.

ORNAMENTALS AND BEDDING PLANTS: Use ALIETTE® on ornamentals and bedding plants grown in field nursery, greenhouse, landscaping, and conifer nursery situations, for control of diseases caused by Pythium and Phytophthora. Preventative applications should be made prior to disease development and should be made in conjunction with good cultural management practices. Do not exceed recommended rates or apply more frequently than at specified intervals or plant injury may occur.

DRENCH APPLICATIONS to ornamental chestnuts (*Castanea* spp.), including American chestnut (*Castanea dentata*): Apply ALIETTE prior to Phytophthora root rot (caused by *Phytophthora cinnamomi* and several other *Phytophthora* spp.) development. Mix 0.8 pounds (12.8 ounces) of product with 100 gallons of water and apply to 400 square feet (equivalent to 2 pints solution per square foot). Repeat as necessary, but do not exceed one application every 30 days. Do not exceed 4 applications per year using the maximum single application rate. Consider implementing resistance management steps listed in the ALIETTE label.

For all other use directions, restrictions, and precautions please refer to the ALIETTE EPA-registered label.
