

FIFRA §2(ee) RECOMMENDATION
For distribution and use only within
the state of California

EQUUS[®]
720 SST Fungicide

EPA REG NO. 5481-619

For control of Anthracnose in Almond Orchards

- It is a violation of Federal law to use this product inconsistent with its labeling.
- This recommendation must be in the possession of the user at the time of pesticide application
- Follow all applicable directions, restrictions, Worker Protection Standard requirements, and precautions on the EPA registered label
- This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or approved by U.S. EPA.

CROP	PEST	RATE OF APPLICATION
Almond	Anthracnose	4 pints per acre

DIRECTION FOR USE

For control of Anthracnose: In orchards that have a history of anthracnose, apply Equus 720 SST Fungicide beginning at 5-10% bloom or pink bud and repeat every 10 to 14 days if rains persist. Late spring rains may necessitate additional applications into May. Apply in a minimum of 20 gallons per acre concentrate to 300 gallons per acre dilute. If application with ground equipment is not feasible, Equus 720 SST Fungicide may be applied by air in a minimum of 20 gallons of spray per acre.

RESTRICTIONS

Do not exceed a maximum of 18.75 lbs active ingredient (25 pints Equus 720 SST Fungicide per acre per year.

PHI (Pre-Harvest Interval) is 150 days.

This product is a severe eye irritant. Although the restricted-entry interval expires after 12 hours, for the next 6.5 days, entry is permitted only when safety measures as outlined in the Agricultural Use Requirements on the container label are followed and appropriate eye protection is worn.

To avoid the development of tolerant or resistant strains of fungi, Equus 720 SST Fungicide should always be tank mixed with a fungicide of different chemistry, and/or a fungicide of different chemistry should be alternated with Equus 720 SST Fungicide at each application.

Read **LIMITATION WARRANTY AND DISCLAIMER** in the label booklet for Equus 720 SST Fungicide before using.
