Directions for Use

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- The user must refer to the federally approved labels for the above noted product and read and follow all directions for use, restrictions, and precautions.
- The user should have this recommendation in its possession at the time of use.
- Use of this product according to this bulletin has not been reviewed or endorsed by the Office of the Indiana State Chemist.
- This recommendation for use of this product is permitted under Section 2(ee) of FIFRA and has not been submitted to or been approved by EPA.

Apply Posterity Forte at 0.84 fl oz/1000 sq ft on a 28-day interval. Use preventatively in the late summer to fall when conditions are favorable for disease development. Do not exceed 73.2 fl oz of Posterity Forte per acre per year.

Follow all other directions for use, restrictions, and precautions on the Posterity Forte on the EPA approved Section 3 label.
