Directions for Use

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- The user must refer to the federally approved labels for the above noted product and read and follow all directions for use, restrictions, and precautions.
- The user should have this recommendation in its possession at the time of use.
- Use of this product according to this bulletin has not been reviewed or endorsed by the Office of the Indiana State Chemist.
- This recommendation for use of this product is permitted under Section 2(ee) of FIFRA and has not been submitted to or been approved by EPA.

For the control of corn leafhopper in corn (Field, Popcorn, Seed, or Sweet), apply Besiege Insecticide at the rate of 10.0 fl. oz/A. Apply as required by scouting, typically at first observation of corn leafhopper.

Follow all other use directions, restrictions and precautions on the Besiege EPA-registered Section 3 label.
