

FOR USE AND DISTRIBUTION  
IN THE STATE OF NEW MEXICO ONLY

## FIFRA Sec. 2(ee) Recommendation

# Sefina<sup>®</sup>

## Inscalis<sup>®</sup> Insecticide

**For suppression of cotton jassid (two-spot cotton leafhopper) in cotton and fruiting vegetables in New Mexico**

This Section 2(ee) Recommendation expires on December 31, 2028.

**EPA Reg. No. 7969-391**

**This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or approved by the EPA.**

**All applicable directions, restrictions, precautions, and Conditions of Sale and Warranty on the EPA registered container label are to be followed.**

Information contained in this Section 2(ee) Recommendation is not intended to replace or amend any product labeling. Always read and follow all label directions when using any pesticide alone or in tank mix combinations.

The user must have this recommendation in their possession at the time of use.

---

### Directions For Use

---

To suppress cotton jassid (two-spot cotton leafhopper), apply 10 to 14 fl ozs/A of **Sefina<sup>®</sup> Inscalis<sup>®</sup> Insecticide**. See container label for all cotton and fruiting vegetables application instructions and restrictions.
