

FOR USE AND DISTRIBUTION
IN THE STATE OF TEXAS ONLY

FIFRA Section 2(ee) Recommendation

Altrevin®

Fire Ant Bait Insecticide

For control of Argentine ants in citrus fruit, grapes, and tree nuts grown in Texas.

This Section 2(ee) Recommendation expires on December 31, 2028.

EPA Reg. No. 7969-270

This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or approved by the EPA.

All applicable directions, restrictions, precautions, and Conditions of Sale and Warranty on the EPA registered container label are to be followed.

Information contained in this Section 2(ee) Recommendation is not intended to replace or amend any product labeling. Always read and follow all label directions when using any pesticide alone or in tank mix combinations.

The user must have this recommendation in their possession at the time of use.

Directions For Use

Apply 1.5 lbs/A (3 ozs/5000 sq ft) of **Altrevin® Fire Ant Bait Insecticide** through broadcast treatment to control Argentine ants. Follow all use directions and restrictions for citrus fruits, grapes, and tree nuts on the **Altrevin** container label. Mixing powdered sugar with **Altrevin** prior to application may improve ant control performance.

Altrevin is a registered trademark of BASF.
