CNI MSO™

METHYLATED SEED OIL SPREADER/PENETRANT

PRINCIPAL FUNCTIONING AGENTS

Methylated Seed oil, Nonionic Surfactants & Methylated esters of free fatty acids.....100.0%
All ingredients are approved for use under 40 CFR 180

GENERAL INFORMATION

CNI MSO is an active premium blend of methylated seed oil and non-ionic surfactants. It provides superior spreading, penetration and activation of herbicides, as well as with other pesticides and/or fertilizers. CNI MSO is designed for use with agricultural chemical spray programs to optimize product performance by increasing leaf penetration while giving a more uniform distribution of the active materials.

WARNING

KEEP OUT OF REACH OF
CHILDREN

PRECAUTIONARY STATEMENTS

Hazardous to humans and animals. Causes serious eye irritation. Causes mild skin irritation. May be harmful if swallowed. May be harmful in contact with skin. May be harmful if inhaled. When mixing or apply agricultural sprays, always wear protective spray goggles and impervious gloves plus protective clothing as recommended on pesticide labels. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or smoking tobacco products.

FIRST AID:

IF IN EYES: Immediately flush eyes with plenty of water, lifting the eyelids and rinse for 15-20 minutes. Remove contact lenses, if present, then continue rinsing. If eye irritation persists get medical attention or call Poison Control Center for advise.

IF ON SKIN OR HAIR: Take off contaminated clothing. Rinse skin immediately with plenty of water for 10-15 minutes. Get medical attention if irritation develops or persists. Wash contaminated clothing before reuse.

IF INHALED: Move person to fresh air and keep at rest in a position comfortable for breathing if they feel unwell. If person is not breathing, call 911 or an ambulance, then give artificial respiration, mouth to mouth if possible Call poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Rinse Mouth. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything to an unconscious person.

DIRECTIONS FOR USE:

Preparation of Spray Material.

1. Fill spray or mix tank with 1/2 to 3/4 the desired amount of water. Start mechanical or hydraulic agitation.
2. Add the required amount of pesticide.
3. Add the remaining volume of water and mix contents thoroughly.
4. Add the required amount of CNI MSO last and continue agitation until a uniform mixture is obtained.

NOTE: Maintain constant agitation of spray mixture during standing and application to assure uniform pesticide application.

Defoliants, Desiccants: Use 1 to 4 pints of CNI MSO per acre in combination with the recommended defoliant or desiccant.
Insecticides & Fungicides: Use 1/2 to 2 pints of CNI MSO per acre in combination with the recommended fungicide or insecticide.

Herbicides: Use 1 to 4 pints of CNI MSO per acre in combination with the recommended herbicide. **NOTE:** The above use recommendations are considered to be adequate for most uses. Some pesticides, however, may require higher rates for optimum effect. Follow the pesticide label directions when this occurs. However, do not add this product at a rate that exceeds 5% of the finished spray volume.

COMPATIBILITY: This product may be used with wettable powder, emulsifiable concentrate or solution formulations of most of the pesticides and insecticides now on the market.

PERSONAL PROTECTIVE EQUIPMENT

Wear long sleeved shirt and long pants, impermeable or chemical resistant gloves, protective eye wear (goggles or face shield), and shoes plus socks. User should wash hands before eating, drinking, chewing gum, using tobacco or using toilet. Remove clothing immediately if pesticide gets inside. Wash thoroughly and put on clean clothing. Remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Keep in original container. Store in cool, dry place. Keep locked up and away from children. Do not reuse empty container. Triple rinse during mixing and loading and add rinse water to spray tank. Offer decontaminated containers for recycling Contact county agricultural commissioner for container disposal information.

CONDITIONS OF SALE: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use. Weather, crop conditions, timing and methods of applications, mixture with other chemicals not specifically recommended and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
