

## FIFRA SECTION 2(ee) RECOMMENDATION

Date: October 10, 2025

Product: Miravis® Prime  
EPA Reg. No. 100-1603

Use: For Control of *Choanephora cucurbitarum* (Wet Rot) in Pepper

State: AL, CT, DE, FL, GA, MA, MD, NC, NH, NJ, PA, RI, SC, VA, WV

### Directions for Use

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- The user must refer to the federally approved labels for the above noted product and read and follow all directions for use, restrictions, and precautions.
- The user should have this recommendation in its possession at the time of use.
- This recommendation for use of this product is permitted under Section 2(ee) of FIFRA and has not been submitted to or been approved by US EPA.

For control of *Choanephora cucurbitarum* (Wet Rot) on pepper, apply Miravis Prime at 11.4 fl oz/A. Begin applications prior to disease development. For best control two applications may be necessary. Make the first application prior to bloom and a second application 7-14 days later depending on infection levels present in field. Refer to the Miravis Prime Section 3 label for all other directions for use, restriction and precautions.
