Directions for Use

- **It is a violation of Federal law to use this product in a manner inconsistent with its labeling.**
- **The user must refer to the federally approved labels for the above noted product and read and follow all directions for use, restrictions, and precautions.**
- **The user should have this recommendation in its possession at the time of use.**
- **Use of this product according to this bulletin has not been reviewed or endorsed by the Office of the Indiana State Chemist.**
- **This recommendation for use of this product is permitted under Section 2(ee) of FIFRA and has not been submitted to or been approved by EPA.**

For soil applied in-furrow management of Pink Rot and Pythium Leak on potato, apply Orondis Gold 200 at 4.8 fl oz/A + Orondis Gold B at 0.42 fl oz/1000 row feet. Apply as an in-furrow application at planting. Refer to row spacing charts on the Orondis Gold 200 and Orondis Gold B labels.

Shake Orondis Gold 200 container well before using. Follow all directions for use, restrictions and precautions given on the Orondis Gold 200 and Orondis Gold B labels.
