

FIFRA Sec. 2(ee) Recommendation

Priaxor®

Xemium® Brand Fungicide

For control of tar spot (*Phyllachora maydis*) in corn grown in New Mexico.

This Technical Information Bulletin expires on December 31, 2026.

EPA Reg. No. 7969-311

This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or approved by the EPA.

All applicable directions, restrictions, precautions, and Conditions of Sale and Warranty on the EPA registered container label are to be followed.

Information contained in this Section 2(ee) Recommendation is not intended to replace or amend any product labeling. Always read and follow all label directions when using any pesticide alone or in tank mix combinations.

The user must have this recommendation in their possession at the time of use.

Directions For Use

Apply **Priaxor® Xemium® brand fungicide** to control tar spot in corn. Follow all use directions under the corn section of the **Priaxor** container label.
