

FIFRA

Section 2(ee) Recommendation

Date: June 1, 2022

Product: Platinum® 75SG Insecticide
EPA Reg. No. 100-1291

Use: Transplant water application method for sweet potatoes

State: North Carolina

Directions for Use

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- The user must refer to the federally approved labels for the above noted product and read and follow all directions for use, restrictions, and precautions.
- The user should have this recommendation in its possession at the time of use.
- This recommendation for use of this product is permitted under Section 2(ee) of FIFRA and has not been submitted to or been approved by EPA.

Follow the Crop Use Directions under the Tuberous and Corm section of the Platinum 75SG Insecticide Section 3 label.

For sweet potatoes: Mix appropriate amount of Platinum 75 SG (1.66 -2.67 oz/A) in transplant water (minimum of 100 gallons/A) and drench transplants (slips) as they are being placed in the ground.
