FIFRA 2ee RECOMMENDATION

**To allow a tank mixture of Envoke Herbicide with Staple® LX for the control
of smallflower morningglory, and cypressvine morningglory in cotton**

EPA Reg. No.: 5481-684

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

THIS BULLETIN MUST BE IN THE POSSESSION OF THE USER AT THE TIME OF APPLICATION.

Before applying Envoke® Herbicide, please read the complete label affixed to the product container. All applicable directions, restrictions and precautions on the EPA-registered label are to be followed. Use of Envoke Herbicide according to this supplemental labeling is subject to the use precautions and limitations imposed by the label on the container.

IMPORTANT: Read the entire Directions for Use and the Limited Warranty and Disclaimer on the EPA-registered Envoke Herbicide label before using this product.

Apply Envoke Herbicide at 0.1- 0.15 oz./A in a tank mix with Staple LX Herbicide at 1.3 - 1.9 fl. oz./A for control of smallflower morningglory, and cypressvine morningglory in cotton.

Apply the tank mixture postemergence over the top or post-directed to cotton that has reached a minimum of 5 true leaves.

Use a minimum of 10 gallons of water per acre. Always use 0.25% NIS v/v with the tank mixture.

Use Information

General Use Precaution

Post emergence over the top applications of this mixture can occasionally result in yellowing of leaves and/or stacking of plant internodes. Symptoms may persist for a short period of time but do not reduce cotton yield.

The user must refer to the federally approved Envoke Herbicide label and read and follow all

applicable directions for use, restrictions and precautions.

The user must refer to the federally approved Staple XL Herbicide label (EPA registration number 352-613) and read and follow all applicable directions for use, restrictions and precautions.

This recommendation is made as permitted by Section 2(ee) of FIFRA, as amended, and has not been submitted to or approved by the EPA.
