Cimarron Plus® Herbicide

Control of Desert Alyssum in pasture and
rangeland

EPA Reg. No. 432-1572

Product Bulletin

FOR DISTRIBUTION AND USE ONLY WITHIN THE STATES OF COLORADO, MONTANA, NEBRASKA, AND WYOMING

FIFRA Section 2(ee) Recommendation: This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or approved by the EPA. This product bulletin should be in the possession of the user at the time of application of the product. All applicable directions, restrictions and precautions on the EPA registered label are to be followed.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its label. Always read this FIFRA 2 (ee) bulletin and the entire label on the product container before using this product.

Bayer CropScience will not be responsible for losses or damages resulting from the use Cimarron Plus Herbicide in any manner not specifically instructed by Bayer CropScience. User assumes all risks associated with non-labeled uses.

Control of Desert Alyssum in Pasture and Rangeland

Apply Cimarron Plus Herbicide at 0.75 oz/acre in a tank-mix with low volatile 2,4-D ester (½ to 1 pound active ingredient per acre) for control of desert alyssum.

Crop oil concentrate (COC), Modified Seed Oil (MSO) or Modified Seed Oil/ Organosilicone (MSO/OS) are the preferred adjuvants. Aerial is the preferred application method, with a minimum volume of 3 gallons per acre required. For dense populations, higher volumes are recommended.

Variations in weather (moisture and temperature extremes), weed physiological condition, soil type, and extent of weed root systems will determine treatment effectiveness.

IMPORTANT

Refer to the Cimarron Plus Herbicide and any tank-mix partner labels for information on adjuvants; weed species controlled; additional use directions; rotations crop intervals and precautions. The most restrictive provision on any label should apply.

For MEDICAL And TRANSPORTATION Emergencies ONLY Call 24 Hours A Day 1-800-334-7577.

For PRODUCT USE Information Call 1-866-99BAYER (1-866-992-2937).

*As with any herbicide product, always read and follow label directions.
