

SUPPLEMENTAL LABEL

Comet[®]

Selective Herbicide

EPA Reg. No. 71368-87

LABEL REVISIONS: WEED CONTROL IN GRASSES GROWN FOR SEED, FORAGE OR HAY

READ AND FOLLOW THE ENTIRE LABEL BOOKLET FOR THIS PRODUCT BEFORE PROCEEDING WITH THE USE DIRECTIONS CONTAINED IN THIS SUPPLEMENTAL LABELING. "Label" as used in this supplemental labeling refers to the label booklet for this product and this supplemental.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN ANY MANNER INCONSISTENT WITH ITS LABELING.

This label must be in the possession of the user at the time of application.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

ALL APPLICABLE DIRECTIONS, RESTRICTIONS AND PRECAUTIONS IN THE PRODUCT LABEL BOOKLET MUST BE FOLLOWED, INCLUDING STATEMENTS PERTAINING TO THE WORKER PROTECTION STANDARDS, ON THE EPA REGISTERED LABEL FOR COMET SELECTIVE HERBICIDE (EPA REG. NO. 71368-87).

This product may be applied for broadleaf weed control in the following Grasses Grown for Seed, Forage or Hay: Bermudagrass, Bluegrass (perennial and annual), Bromegrass, Fescue, Hay Grazer, Orchardgrass, Ryegrass (perennial and annual), Redtop Cane, Sorghum, Sorghum-Sudan, Sudan, Sudex, and Timothy. This product may be applied for broadleaf weed control in the following Grasses Grown for Hay or Forage: Sorghum and Triticale.

Apply this product as a broadcast postemergent treatment by air or using ground equipment. A second application may be made a minimum of 14 days after the first application. This product may be applied in tankmix combination at specified labeled rates with other herbicides registered for these uses. All applicable use directions, instructions, precautions, and limitations on the labels of the tankmix products must be followed. The most restrictive limitations on each label must be followed when tankmixing.

APPLICATION TIMING

Apply to established grasses in the Spring when weeds are actively growing and before weeds are 8 inches tall. Only emerged weeds at the time of application will be controlled. New plantings of grass crops may be treated for the 2-true leaf stage of growth prior to early boot stage. Do not apply during boot, flowering, or seed development stages of growth if grass is to be harvested for seed.

BROADCAST APPLICATION RATES	
Weed Size or Species ¹	Rate of application (Pints / Acre)
Susceptible broadleaf weed seedlings less than 4 inches tall ²	1/2
Susceptible broadleaf weed seedlings less than 8 inches tall or vining	2/3

¹ – Refer to the Weeds Controlled or Suppressed Section in the label booklet for this product for a complete listing of weeds controlled or suppressed.

² – The 1/2 pint per acre rate will generally provide satisfactory control of Kochia seedlings less than 4 inches tall (including ALS resistant biotypes). However, when conditions for control are less favorable, such as under drought or cool temperatures; the 2/3 pint per acre rate will provide more consistent control of Kochia seedlings between 1 to 4 inches tall. Control of small Kochia with reduced rates will be more consistent if Kochia is at least 1 inch tall. The 2/3 pint per acre rate should be used for optimal control of Dicamba tolerant Kochia populations (see **Management of Kochia Biotypes** in the **Application Information** section of the label booklet for this product).

RESTRICTIONS

Do not apply more than 1 – 1/3 pints per acre of this product per growing season.

Grazing Restrictions: There are no grazing restrictions for lactating or non-lactating dairy animals.

Harvesting Restrictions: Do not harvest grass for hay or silage from treated areas within 7 days of application.

Slaughter Restrictions: Meat animals must be withdrawn from treated forage at least 2 days before slaughter.

NOTICE

Read the "WARRANTY DISCLAIMER" and "LIMITATION OF LIABILITY" in the label booklet for this product before using this product. Those terms apply to this supplemental labeling and if those terms are not acceptable, return the product unopened at once.
