Date: August 6, 2020

Product: Inspire®  
EPA Reg. No. 100-1262

Use: Control of *Pestalotiopsis* Leaf and Fruit Spot in Strawberry

State: Florida

### Directions for Use

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- The user must refer to the federally approved labels for the above noted product and read and follow all directions for use, restrictions, and precautions.
- The user should have this recommendation in its possession at the time of use.
- This recommendation for use of this product is permitted under Section 2(ee) of FIFRA and has not been submitted to or been approved by EPA.

Apply 7 fl oz/A of Inspire Fungicide prior to or at the onset of disease. Repeat applications on a 7- to 14-day interval. Make no more than two sequential applications before alternating to another fungicide with a different mode of action.

- Do not apply more than 28 fl oz/A/year of Inspire.
- Do not apply more than 0.46 lb ai/A/year of difenoconazole.
- Inspire may be applied up to the day of harvest (0-day PHI).

Follow all other directions for use, restrictions and precautions on the Inspire Section 3 label.
