EPA Reg. No. 7969-458

This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or approved by the EPA.

All applicable directions, restrictions, precautions, and Conditions of Sale and Warranty on the EPA registered container label are to be followed.

Information contained in this Section 2(ee) Recommendation is not intended to replace or amend any product labeling. Always read and follow all label directions when using any pesticide alone or in tank mix combinations.

The user must have this recommendation in their possession at the time of use.

Use of this product according to this bulletin has not been reviewed or endorsed by the Office of the Indiana State Chemist.

Directions For Use

To control corn leafhopper, apply 5.64 fl ozs/80,000 seeds (1.25 mg ai/seed) of **Poncho® 600 Seed Treatment**. See container label for all application instructions and restrictions.
