HAZARD STATEMENTS

No adverse symptoms or side effects anticipated under normal handling conditions.

PRECAUTIONARY STATEMENTS

Wash thoroughly after handling.

Wear protective gloves/eye protection/face protection.

Store in a well-ventilated place in original unopened container.

Keep Cool.

Dispose of contents/container in accordance with local/national/international regulations.

FIRST AID

IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do - continue rinsing.

If eye irritation persists, get medical advice/attention.

If skin irritation occurs, get medical advice/attention.

Net Contents: 2.5 gallons

GENERAL INFORMATION

Cornbelt® SWELTER™ is designed to enhance the performance of many post-emergence herbicides by increasing the amount of herbicide that penetrates through the plant cuticle to reach the "target site" within the weed. The single isomeric nonionic emulsifier in Cornbelt® SWELTER™ creates a homogenous, stable spray mix and aids in wetting and spreading on the leaf surface. Cornbelt® SWELTER™ may be used anytime the pesticide label calls for the use of a methylated seed oil in place of traditional nonionic surfactants and paraffin crop oils. Do NOT use if the pesticide label prohibits the use of an MSO. Cornbelt® SWELTER™ contains a silicone antifoam to minimize the formation of foam in the spray tank.

DIRECTIONS FOR USE

Always follow herbicide manufacturer's recommendations for application rates and tank filling/mixing instructions. Unless otherwise specified, use Cornbelt® SWELTER™ at the following rates:

USE RATE: Under normal conditions add Cornbelt® SWELTER™ at 1 gallon per 100 gallon of water. DO NOT use less than 1 pint per acre. When applying to larger, difficult to control weeds or in stressful conditions, consider increasing the rate to 2 gallons per 100 gallons of spray solution, if the pesticide label allows.

Use Cornbelt® SWELTER™ anytime the pesticide label calls for an MSO. Do NOT use if the pesticide label prohibits the use of an MSO.

PRECAUTIONARY STATEMENTS

In case of contact with eyes, flush with water for at least 15 minutes. If irritation persists, contact physician. In case of skin contact, wash affected areas with water. Remove contaminated clothing and launder before reuse.

STORAGE AND DISPOSAL

Dispose of contents/container in accordance with local/national/international regulations.

In the event of a major spill, fire or other emergency, call CHEMTREC at (800) 424-9300.

Store in a well-ventilated place in original unopened container. Keep cool and store above 40 °F.

CONDITIONS OF SALE AND WARRANTY

The directions for use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result beyond the control of Van Diest Supply Company or the Seller. All such risks shall be assumed by the Buyer. Van Diest Supply Company warrants that this product conforms to the chemical description on the label and is a reasonable fit for the purposes referred to in the Directions for Use, subject to the inherent risks referred to above. VAN DIEST SUPPLY COMPANY MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY OR ANY OTHER EXPRESS OR IMPLIED WARRANTY. IN NO CASE SHALL VAN DIEST SUPPLY COMPANY OR THE SELLER BE LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. Van Diest Supply Company and the Seller offer this product, and the Buyer and User accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of Van Diest Supply Company.

CORNBELT® and CORNBELT Logo® are Registered Trademarks of Van Diest Supply Company. SWELTER™ is a trademark of Van Diest Supply Company.
