SPECTICLE® FLO

EPA Reg. No. 101563-207

Use of Specticle FLO at Decreased Rates with Split Applications for Annual Grass Control in Warm Season Turfgrass

FIFRA Section 2(ee) Recommendation: This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or approved by the EPA. This product bulletin should be in the possession of the user at the time of application of the product. All applicable directions, restrictions and precautions on the EPA registered label are to be followed.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its label.

Apply Specticle FLO prior to weed germination at a rate of 2.0 fl oz of product per acre with follow-up applications every 55-65 days for preemergence control with decreased impact on warm season turfgrass health. Do not apply to golf course greens, tees, or collars. Irrigate lightly at after application. Refer to the Specticle label for additional information and use directions. The most restrictive provision of any label should apply

For MEDICAL And TRANSPORTATION Emergencies ONLY Call 24 Hours A Day 1-800-424-9300.

For PRODUCT USE Information Call 1-800-331-2867).
