registration after May 4, 2030**

---

**Directions for Use**

---

- It is a violation of federal law to use this product in a manner inconsistent with its labeling.
- This state-specific Section 24(c) labeling must be in the possession of the user at the time of application.
- Follow all applicable directions, restrictions, and precautions on the EPA-registered Warrior II with Zeon Technology, EPA Reg No. 100-1295 label and this label.

---

**General Directions for Use**

---

Uniformly apply Warrior II with Zeon Technology at 1.92 - 2.56 fl. oz. of product per acre as a pre-flood, pre-plant, broadcast soil application for control of Rice Water Weevil (*Lissorhoptrus oryzophilus*) in wet-sown rice culture. Apply by air or ground equipment using sufficient water to obtain full coverage. Apply in a minimum of 2 gals of water (or a total carrier volume)/Acre by air or a minimum of 20 gals of water (or a total carrier volume)/Acre by ground. For improved efficacy, light incorporation of this product into the upper 1-2 inches of soil following application is recommended – a “roller” may be used for this incorporation. Apply pinpoint flood not more than 5 days after the soil application of this product, or weevil control may be reduced. Scout for feeding scars after plant emergence and apply a second foliar treatment if needed.

See the Warrior II with Zeon Technology Sec. 3 product label for additional use directions, precautions, PPE requirements and restrictions. The use directions on this label supersede any prohibitions/restrictions on the Sec 3 product label.

**Notes:** 1) **Do not** release floodwater within 7 days of application. 2) **Do not** apply more than 2.56 fl. oz. of product/A (0.04 lb. a.i./A) per season under this Sec 24(c) label or apply a total of more than 7.68 fl. oz. of product/A (0.12 lb. a.i./A) per season in combination with the use directions on the Sec 3 product label. 3) Do not use treated rice fields for aquaculture of edible fish and crustacea. 4) **Do not** apply as an ultra-low volume (ULV) spray. 5) **Do not** apply by chemigation. 6) Restricted Re-entry Interval (REI) is 24 hours.
