

## Section 2(ee) Recommendation

Date: March 26, 2025

Product: Miravis® Prime  
EPA Reg. No. 100-1603

Use: **Suppression of *Sclerotinia sclerotiorum* on Brassica**

State: AL, FL, GA, NC, SC, VA

### Directions for Use

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- The user must refer to the federally approved labels for the above noted product and read and follow all directions for use, restrictions, and precautions.
- The user should have this recommendation in its possession at the time of use.
- This recommendation for use of this product is permitted under Section 2(ee) of FIFRA and has not been submitted to or been approved by EPA.

For suppression of *Sclerotinia sclerotiorum* on Brassica Leafy Greens listed in Section 7.3 of the Miravis Prime EPA-registered Section 3 label, apply Miravis Prime at 13.4 fl oz/A. Begin applications prior to disease development. Continue applications through season on a 7-day interval, following Resistance Management guidelines and Use Restrictions listed in Section 7.3 of the Miravis Prime Section 3 label. Refer to the Miravis Prime Section 3 label for all other directions for use, restrictions and precautions. .
