ATTENTION

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- This labeling must be in the possession of the user at the time of application.
- Read the label affixed to the container for GF-3335 herbicide before applying. Carefully follow all precautionary statements and applicable use directions.
- Except as described in this supplemental labeling, use of GF-3335 is subject to all precautions and limitations imposed by the label affixed to the product container.

DIRECTIONS FOR USE

RESTRICTIONS/LIMITATIONS

Auxin Herbicides – Best Management Practices:

The producer, certified applicator, or person responsible for the application of this product on corn, cotton or soybeans, in -crop, must attend Auxin Herbicides – Best Management Practices training that is approved by the Alabama Department of Agriculture and Industries. For more information on this training, contact the Alabama Department of Agriculture and Industries at 334-240-7242 or the Alabama Cooperative Extension System (ACES) office.

Failure to follow label requirements could result in severe injury or destruction to desirable susceptible broadleaf crops and trees when contacting their roots, stems or foliage.

Before making an application, the applicator must survey the application site for neighboring non-target susceptible crops, for example, peaches, tomatoes, grapes, watermelon, sweet potato, pepper, and non- Enlist trait cotton. The applicator must also consult sensitive crop registries to identify any commercial specialty or certified organic crops that may be located near the application site.

Do not apply at wind speeds greater than 10 mph.

DO NOT APPLY this product when the wind is blowing toward adjacent susceptible crops, including but not limited to, peaches, grapes, watermelon, sweet potato, pepper, and non- Enlist trait cotton, commercially grown tomatoes, EPA crop group 8 (fruiting vegetables such as tomato, pepper, eggplant, others) and EPA crop group 9 (cucurbit vegetables such as cantaloupe, cucumber, pumpkin, squash, watermelon, others).
