

FIFRA Sec. 2(ee) Recommendation

Cevya® Fungicide

For control of Marssonina leaf blotch in pome fruit

For use in: Connecticut, Delaware, Georgia, Maine, Maryland, Massachusetts, Michigan, New Hampshire, New Jersey, North Carolina, Ohio, Pennsylvania, Rhode Island, South Carolina, Virginia, Vermont, and West Virginia.

EPA Reg. No. 7969-407

This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or approved by the EPA.

All applicable directions, restrictions, precautions, and Conditions of Sale and Warranty on the EPA registered container label are to be followed.

Information contained in this Section 2(ee) Recommendation is not intended to replace or amend any product labeling. Always read and follow all label directions when using any pesticide alone or in tank mix combinations.

The user must have this recommendation in their possession at the time of use.

Directions For Use

Apply 5 fl ozs/A of **Cevya® Fungicide** to control Marssonina leaf blotch caused by *Marssonina coronaria* in pome fruit. See pome fruit use labeling for all application instructions and restrictions.
