

FIFRA Sec. 2(ee) Recommendation

Priaxor[®]

Xemium[®] Brand Fungicide

For control of anthracnose (*Colletotrichum* spp.) in coffee

For use in: Hawaii

This Section 2(ee) Recommendation expires on December 31, 2026.

EPA Reg. No. 7969-311

This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or approved by the EPA.

All applicable directions, restrictions, precautions and Conditions of Sale and Warranty on the EPA registered container label and associated supplemental labeling are to be followed.

Information contained in this Section 2(ee) Recommendation is not intended to replace or amend any product labeling. Always read and follow all label directions when using any pesticide alone or in tank mix combinations.

The user must have this recommendation in their possession at the time of use.

Directions For Use

Apply 7.14 fl ozs/A of **Priaxor[®] Xemium[®] brand fungicide** to control anthracnose (*Colletotrichum* spp.) in coffee. See container label or associated supplemental labeling for all coffee application instructions and restrictions.
