Delegate[®] WG

EPA Reg. No. 62719-541

Special 2(ee) Recommendation[†]
(For Distribution and Use Only Within the State of Florida)

Suppression of Adult Diaprepes Root Weevil on Citrus

ATTENTION

[†]This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or approved by EPA.

- It is a violation of federal law to use this product in a manner inconsistent with its labeling.
- Read the label affixed to the container for Delegate[®] WG insecticide before applying. Carefully follow all precautionary statements and applicable use directions except as specified below.
- Use of Delegate WG according to this Section 2(ee) recommendation is subject to all use precautions and limitations imposed by the label affixed to the container for Delegate WG.

Directions for Use

Refer to product label for Delegate WG for General Use Precautions, Mixing Directions and Application Directions.

Delegate WG can be used at 4 oz per acre as part of an integrated program to aid in the suppression of adult Diaprepes root weevil. This use is limited to foliar application.

The use of an approved additive may improve performance. Consult your Dow AgroSciences representative, extension service specialist, certified crop advisor or your state agricultural experiment station for any additional local use recommendations for your area. Refer to specific citrus section of the product label for additional information and restrictions.
