Transit® Soil

DIRECTIONS FOR USE

For best results, use watered-in applications. May be applied via irrigation system or prior to irrigation. Apply enough water to move the product into the area of active rooting, but not excessive amounts that may leach. Use the higher label rates with surface and flood irrigation.

Transit Soil is compatible with most fertilizers regardless of pH. However, a standard jar test is recommended before tank mixing.

RATES & TIMING FOR ALL CROPS

Orchards and Vineyards: **8-18 fl. oz./acre**

Field and Row Crops: **6-12 fl. oz./acre**

Vegetables and Other Specialty Crops: **6-12 fl. oz./acre**

Apply any time during growing season; repeat as needed.

INSTRUCCIONES DE USO

Para obtener mejores resultados, utilice aplicaciones con agua. Puede aplicarse mediante sistema de riego o antes del riego. Aplique suficiente agua para mover el producto al área de enraizamiento activo, pero no cantidades excesivas que puedan lixiviarse. Utilice las tasas más altas de la etiqueta con riego por superficie ó por inundación.

Transit Soil es compatible con la mayoría de los fertilizantes independientemente de su pH. Sin embargo, se recomienda una prueba estándar en frasco antes de mezclar en tanque.

TASAS Y MOMENTO PARA TODOS LOS CULTIVOS

Huertos y viñedos: **8-18 fl. oz./acre**

Cultivos de campo y en hileras: **6-12 fl. oz./acre**

Vegetales y otros cultivos especiales: **6-12 fl. oz./acre**

Aplicar en cualquier momento durante la temporada del cultivo; repita según sea necesario.

WARNING

READ ENTIRE LABEL BEFORE USE | KEEP OUT OF REACH OF CHILDREN

HAZARD STATEMENTS Causes serious eye irritation. Causes mild skin irritation.

AVISO DE PELIGRO Provoca irritación ocular grave. Provoca irritación leve de la piel.

PRECAUTIONARY STATEMENTS Wash face, hands and any exposed skin thoroughly after handling.
