TECHNICAL INFORMATION BULLETIN

SPINOSAD GROUP 5 INSECTICIDE

EPA Reg. No. 91234-278

FIFRA Section 2(ee) Recommendation

This recommendation is made as permitted by Section 2(ee) of FIFRA and has not been submitted to or approved by the U.S. Environmental Protection Agency.

FOR DISTRIBUTION AND USE ONLY WITHIN ALL STATES (EXCEPT NEW YORK & TEXAS)

Control of Spotted Wing Drosophila on Various Crops

DIRECTIONS FOR USE

- It is a violation of Federal law to use this product inconsistent with its labeling.
- This product bulletin must be in the possession of the user at the time of pesticide application.
- Read the "Limitation of Warranty and Liability" in the label booklet for Estero SC before using.
- Follow all applicable directions, restrictions, Worker Protection Standard requirements, and precautions on the EPA registered label.

Refer to product label for **Estero SC** for General Use Precautions, Mixing Directions and Application Directions.

Estero SC can be used as part of an integrated program to manage spotted wing drosophila. This use is limited to foliar ground application.

Apply **Estero SC** to the crops listed below for control of spotted wing drosophilia. Use a higher rate in the rate range for moderate to severe infestations and/or larger plant volume. Begin applications at first signs of adult activity. Due to the occurrence of multiple generations in a growing season, repeated applications may be required. Follow resistance management recommendations on the product label.

Consult your local Atticus, LLC representative, extension service specialist, certified crop advisor, or state agricultural experiment station for any additional local use recommendations for your area. Refer to specific crop sections of the product label for additional information and restrictions.

Сгор	Estero SC (fl oz/acre)
Caneberries (subgroup 13A)	4-6
Grape	4-8
Pome Fruits (crop group 11)	4-10
Stone Fruits (crop group 12)	4-8

In Indiana, use of this product according to this bulletin has not been reviewed or endorsed by the Office of the Indiana State Chemist.
