Reactivity:	Stable under recommended storage and handling conditions.		
Chemical Stability:	Stable under recommended storage and handling conditions.		
Possibility of Hazardous Reactions:	Stable under recommended storage and handling conditions.		
Conditions to Avoid:	Protect from high temperatures and sources of ignition.		
Incompatible Materials:	Avoid accidental contact with strong acidic or alkaline solutions or oxidizing materials.		
Hazardous Decomposition Products:	None known		
	culation based on components and comparison to similar products)		
Likely Routes of Exposure:	Contact with skin and eyes or by inhalation of spray		
Symptoms:	Inhalation: No data available Eye: Non-irritant Skin: Non-irritant Ingestion: No data available		
Acute Toxicity:	Oral: (rat) >5000 mg/kg (EPA category IV)		
	Inhalation: (rat) >5.1 mg/l (EPA category IV)		
	Dermal: (rat) >5050 mg/kg (EPA category IV)		
Skin Corrosion/Irritation:	Non-irritant. (rabbit) (EPA category IV)		
Serious Eye Damage/Eye Irritation:	Non-irritant. (rabbit) (EPA category IV)		
Sensitization:	Non-sensitizing (Buehler method, guinea pig)		
Germ Cell Mutagenicity:	Not classified. No classified components		
Carcinogenicity:	None of the components of this product are listed as carcinogens by NTP, IARC or OSHA.		
Reproductive/Developmental Toxicity:	Not classified. No classified components		
Specific Target Organ Toxicity:	Single Exposure: Not classified. No classified components Repeated Exposure: Not classified. No classified components		
12. Ecological Information:			
	expected to be hazardous to aquatic life.		
Persistence and Degradability:	No data available.		
Bioaccumulation Potential:	No data available.		
Mobility in Soil:	No data available.		
Other Adverse Effects:	None known		
13. Disposal Considerations:			
Disposal Instructions:	Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Container disposal: Non-refillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling or reconditioning, if available, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

16. Other Information:

Fine Agrochemicals Limited ("FINE") warrants that this Product conforms to the specifications on this label. To the extent consistent with applicable law, FINE makes no other warranties and disclaims all other warranties, express or implied, including but not limited to warranties of merchantability and fitness for a particular purpose. No agent of FINE or any other person is authorized to make any representation or warranty beyond those contained herein.

It is impossible to eliminate all risks associated with this Product. Plant injury, lack of performance, or other unintended consequences may result because of factors such as abnormal weather conditions, use of the Product other than in strict accordance with this label's instructions, presence of other materials, the manner of application or other factors, all of which are beyond the control of FINE or the seller. To the extent consistent with applicable law, all such risks shall be assumed by the Buyer.

To the extent consistent with applicable law: 1) FINE disclaims any liability whatsoever for special, incidental or consequential damages resulting from the handling or use of this Product and 2) FINE's liability under this label shall be limited to the amount of the purchase price or, at the election of FINE, the free replacement of the Product.
