

FIFRA Sec. 2(ee) Recommendation

Arsenal® PowerLine™
Herbicide

Reduced use rate for low volume foliar applications with backpacks for brush control in New York State.

This special local need label expires on December 31, 2028, and must not be used or distributed after this date.

EPA Reg. No. 241-431

This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or approved by the EPA.

All applicable directions, restrictions, precautions, and Conditions of Sale and Warranty on the EPA registered label are to be followed.

Information contained in this Section 2(ee) Recommendation is not intended to replace or amend any product labeling. Always read and follow all label directions when using any pesticide alone or in tank mix combinations.

The user must have this recommendation in their possession at the time of use.

Directions For Use

Apply 0.25% to 5.0% volume to volume (v/v) for control of undesirable brush (lowest rate of rate range on container label reduced from 0.5% to 0.25%). Follow all application instructions and restrictions on the container label.
