

FOR DISTRIBUTION AND USE ONLY WITHIN THE STATE OF NEW JERSEY

This label is valid until December 31, 2028 or until withdrawn, cancelled, suspended, or otherwise amended.

EPA Reg. No. 10163-200

For improved grass control and suppression of certain broadleaf weeds in Leafy and Brassica vegetables.

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

DIRECTIONS FOR USE

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- All applicable directions, restrictions, and precautions on the EPA-registered label are to be followed.
- This label and the EPA registered label must be in the possession of the user at the time of mixing and application.

WEEDS CONTROLLED/SUPPRESSED

Broadleaf Weeds: Lambsquarters, Purslane, Redroot Pigweed

Grasses: Crabgrass, Fall Panicum, Foxtail, Goosegrass, Jungle Rice, Sprangletop, Watergrass, Barnyardgrass

CROP	BROADCAST RATE Quarts/Acre	COMMENTS
BRASSICA (COLE) LEAFY VEGETABLE GROUP , including but not limited to: Broccoli, Broccolini, Broccoflower, Chinese Broccoli, Broccoli Raab (Rapini), Brussels Sprouts, Cabbage, Chinese Cabbage (Bok Choy, Napa), Chinese Mustard Cabbage (Gai Choy) Cauliflower, Cavalo Broccolo, Collards, Kale, Kohlrabi, Mizuna, Mustard Greens, Mustard Spinach, Rape Greens	5 - 9	Apply preplant or preemergence. Follow application instructions given on the EPA registered label. Do not apply more than 9 lbs. ai/A/season
LEAFY VEGETABLES (EXCEPT BRASSICA VEGETABLE) GROUP , including but not limited to: Arugula (Roquette), Cardoon, Celery, Chinese Celery, Chervil, Cress (Garden, Upland), Dock (Sorrel), Endive (Escarole), Florence Fennel, Lettuce (Head Or Leaf), Parsley, Radicchio (Red Chicory)	5 - 9	Apply preplant or preemergence. Follow application instructions given on the EPA registered label. Do not use Prefar 4-E on spinach as severe phytotoxicity will occur. Do not apply more than 9 lbs. ai/A/season

RESTRICTIONS

Do not enter treated fields without the EPA registered label prescribed personal protective equipment for 12 hours after application.

ENVIRONMENTAL HAZARDS

This chemical is toxic to fish and aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not apply when weather conditions favor drift from the treated area.

This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treatment area.

Do not apply directly to water, or to area where water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters or rinsate.

This product may impair reproduction in birds if used during the breeding season.

DIRECTIONS FOR USE USE RESTRICTIONS

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

- READ ALL DIRECTIONS BEFORE USING.
- MIX PREFAR 4-E WELL BEFORE DILUTING WITH WATER.
- Prefar 4-E must be used only for purposes listed on the label. Do not exceed the rates specified on the label. (DO NOT OVERDOSE.)
- USE ON MINERAL SOILS ONLY.
- Application of Prefar 4-E to soil that is cold and/or wet for an extended period of time due to rains or poorly drained soil during the germination period may result in reduction of crop stand or yields.
- Combining Prefar 4-E with fertilizers or other agricultural chemicals could result in incompatibility, reduced efficacy, or reduced crop safety. It is recommended that the user test the response of combination treatments with other products on a small scale prior to commercial scale use.
- Vary the rate of Prefar 4-E you apply depending on the soil texture. Apply the higher specified label rates to heavier, fine textured soils. Apply lower rates to lighter, coarse textured soils with lower organic matter.
- This product may not be applied by aircraft.
- Do not allow this product to drift.
