NOTICE OF WARRANTY – SAN Group Biotech USA, Inc. warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with the directions under normal conditions of use. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials or the manner of use or application, all of which are beyond the control of SAN Group Biotech USA, Inc. In no case shall SAN Group Biotech USA, Inc. be liable for consequential, special or indirect damages resulting from the use or handling of this product. SAN Group Biotech USA, Inc. makes no warranties of merchantability or fitness for a particular purpose nor any other express or implied warranty except as stated above.

DIRECTIONS FOR USE

SHAKE VIGOROUSLY BEFORE USING. Due to the organic nature of the product some settling may occur.

Organic BioLink® All-Purpose Fertilizer 0-5-5 can be applied to all crops including fruit trees, vines, tree nuts, fruits and vegetables, field and row crops, ornamental trees, shrubs and flowers, and containerized plants. Apply as a soil drench or a foliar spray.

Foliar Application: Use 4 quarts per acre. Apply to plant foliage to point of run-off starting at the 4-leaf stage in vegetables. For trees and vines, apply at the beginning of bloom; repeat every 10 to 14 days throughout the growing season as needed.

Soil Application: 1 to 4 gallons per acre. Drench soil around base of plants and trees or apply through irrigation system. Begin applications at planting, transplanting or in the Spring at the beginning of root flush. Repeat application with each watering or as needed.

Nursery & Container: Use 2 oz. per 1 gallon of water. Apply to plant foliage to point of run-off or drench soil around base of plants and trees or apply through irrigation system. Repeat application every 10 to 14 days throughout the season as needed.

Home & Garden: Use 2 oz. per 1 gallon of water. Apply to plant foliage to point of run-off or drench soil around base of plant and trees or apply through irrigation system. Repeat application every 10 to 14 days throughout the season as needed.

Compatibility: Always conduct a compatibility jar test before mixing **Organic BioLink® All-Purpose Fertilizer 0-5-5** with new products.

Phytotoxicity: Always perform a phytotoxicity test on a small plot before large-scale application. To lower the risk of phytotoxicity, applications should be made early morning or late evening.
