

SAFETY DATA SHEET

Sterling Blue® DGA 4.0

Issuing Date 27-May-2025

This safety data sheet was created pursuant to the requirements of: US - OSHA Hazard Communication Standard (29 CFR 1910.1200)

1. Identification

Product identifier

Product Name Sterling Blue® DGA 4.0

EPA Registration Number: 1381-282

Recommended use of the chemical and restrictions on use

Recommended Use Agricultural Herbicide

Uses advised against See Product Label for Use Restrictions

Details of the supplier of the safety data sheet

Supplier Address

Winfield Solutions, LLC
P.O. Box 64589
St. Paul, MN 55164-0589

Non-Emergency Business Inquiries: 1-855-494-6343 Mon – Fri 8am – 5pm (Central Standard Time)

Emergency telephone numbers

FOR MEDICAL EMERGENCY: 1-877-424-7452 (24 hrs)

FOR CHEMICAL EMERGENCY, SPILL, LEAK, FIRE, EXPOSURE OR ACCIDENT, CALL:
CHEMTREC 1-800-424-9300 (24 hrs)

2. Hazard(s) identification

Classification

This product is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200).

Hazards not otherwise classified (HNOC)

Not applicable.

Label elements

None

Hazard statements

None

Precautionary Statements - Prevention/Response

See Section 4, , Section 7, Section 8, and the
Product Label

Precautionary Statements - Storage/Disposal

See Section 7, Section 13, and the Product Label

3. Composition/information on ingredients

Substance

Not applicable.

Mixture

Chemical name	CAS No	Weight-%	Trade secret
Diglycolamine Salt of Dicamba	104040-79-1	58.10%	-

4. First-aid measures

Description of first aid measures

General advice	Show this safety data sheet to the doctor in attendance.
Inhalation	Remove to fresh air.
Eye contact	Rinse immediately with plenty of water, also under the eyelids, for at least 15-20 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Keep eye wide open while rinsing. Do not rub affected area. Get medical attention if irritation develops and persists.
Skin contact	Wash skin with soap and water. Get medical attention if irritation develops and persists.
Ingestion	Rinse mouth. Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Call a physician.
Self-protection of the first aider	Avoid contact with skin, eyes or clothing. Wear personal protective clothing (see section 8)

Indication of any immediate medical attention and special treatment needed

Note to physicians	Treat symptomatically.
--------------------	------------------------

5. Fire-fighting measures

Suitable Extinguishing Media	Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.
Unsuitable extinguishing media	High volume water jet.
Specific hazards arising from the chemical	No information available. No information available.
Explosion data	
Sensitivity to mechanical impact	None.
Sensitivity to static discharge	None.
Special protective equipment and precautions for fire-fighters	Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment.

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures

Personal precautions	Avoid contact with skin, eyes or clothing. Ensure adequate ventilation. Use personal protective equipment as required.
Other information	Refer to protective measures listed in Sections 7 and 8.

Methods and material for containment and cleaning up

Methods for containment	Prevent further leakage or spillage if safe to do so.
Methods for cleaning up	Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust). Pick up and transfer to properly labeled containers.

7. Handling and storage**Precautions for safe handling**

Advice on safe handling	RECOMMENDATIONS ARE FOR MANUFACTURING, COMMERCIAL BLENDING, AND PACKAGING WORKERS. PESTICIDE APPLICATORS AND WORKERS must refer to the pesticide product label and Directions for Use attached to the product for Agricultural Use Requirements in accordance with EPA worker Protection Standard 40 CFR part 170. Ensure adequate ventilation. Avoid contact with skin, eyes, or clothing. Avoid breathing mist, vapors, and spray. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, using the toilet or applying cosmetics. Wash contaminated clothing before reuse. Use personal protective equipment as required.
--------------------------------	--

Conditions for safe storage, including any incompatibilities

Storage Conditions	Keep out of reach of children. Keep containers tightly closed in a dry, cool and well-ventilated place. Keep/store only in original container. Keep away from heat. Keep from freezing. Keep away from food, drink and animal feeding stuffs. See product label for additional storage information.
---------------------------	---

8. Exposure controls/personal protection

THE FOLLOWING RECOMMENDATIONS FOR EXPOSURE CONTROLS/PERSONAL PROTECTION ARE INTENDED FOR THE MANUFACTURE, FORMULATION AND PACKAGING OF THE PRODUCT. FOR COMMERCIAL APPLICATIONS AND/OR ON-FARM APPLICATIONS CONSULT THE PRODUCT LABEL.

Control parameters

Exposure Limits	This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.
------------------------	---

Appropriate engineering controls

Engineering controls	Showers Eyewash stations Ventilation systems.
-----------------------------	---

Individual protection measures, such as personal protective equipment

Eye/face protection	Safety glasses with side shields.
Hand protection	Wear chemical-resistant gloves made of barrier laminate, butyl rubber ≥ 14 mils, nitrile rubber ≥ 14 mils, neoprene rubber ≥ 14 mils, natural rubber ≥ 14 mils, polyethylene, polyvinyl chloride (PVC) ≥ 14 mils, or viton ≥ 14 mils
Skin and body protection	Wear long sleeve shirt, long pants and shoes plus socks.
Respiratory protection	No protective equipment is needed under normal use conditions. If limits are exceeded or irritation occurs, select NIOSH approved equipment based on actual or potential airborne concentrations.
General hygiene considerations	Avoid contact with skin, eyes or clothing. Avoid breathing mist, vapors, and spray. Wear suitable gloves and eye/face protection. Do not eat, drink or smoke using this product. Wash thorough after handling. Wash contaminated clothing/personal protective equipment before reuse.

9. Physical and chemical properties

Information on basic physical and chemical properties

Appearance	Clear, green liquid
Odor	Strong Earthy
Odor threshold	No data available

Property	Values
pH	7 - 8 (1% solution)
Melting point / freezing point	No information available
Initial boiling point and boiling range	No information available
Flash point	>230 °F; >110°C
Evaporation rate	No information available
Flammability	No information available
Flammability Limit in Air	No information available
Upper flammability or explosive limits	No information available
Lower flammability or explosive limits	No information available
Vapor pressure	No information available
Vapor density	No information available
Relative density	1.230 g/cm ³ (10.3 lbs/gal) @ 25°C
Water solubility	No information available
Solubility(ies)	No information available
Partition coefficient	No information available
Autoignition temperature	No information available
Decomposition temperature	No information available
Kinematic viscosity	No information available
Dynamic viscosity	No information available

Other information	No information available
Explosive properties	No information available
Softening point	No information available
Molecular weight	No information available
VOC Content (%)	
Oxidizing properties	Do not mix or allow contact with oxidizing agents as a hazardous chemical reaction may occur.

Note: These physical data are typical values based on material tested but may vary from sample to sample. Typical values should not be construed as a guaranteed analysis of any specific lot or as specification items.

10. Stability and reactivity

Reactivity	None under normal use conditions.
Chemical stability	Stable under normal conditions.
Possibility of hazardous reactions	None under normal processing.
Hazardous polymerization	Hazardous polymerization does not occur.
Conditions to avoid	Excessive heat. Keep away from heat, sparks, and open flame.
Incompatible materials	Strong acids. Strong bases. Do not mix or allow contact with oxidizing agents as a hazardous chemical reaction may occur.

Hazardous decomposition products May emit toxic fumes under fire conditions. Carbon oxides. Hydrogen chloride. Nitrogen oxides.

11. Toxicological information

Information on likely routes of exposure

Acute Toxicity

Inhalation LC₅₀ (rat): > 5.04 mg/L

Eye contact Based on animal studies this product is classified as minimally irritating to eyes.

Skin contact Based on animal studies this product is classified as non-irritating to skin.

Ingestion LD₅₀ (rat): > 5,000 mg/kg

Symptoms related to the physical, chemical and toxicological characteristics

Symptoms None known

Delayed and immediate effects as well as chronic effects from short and long-term exposure

Respiratory or skin sensitization Not anticipated to be a respiratory or skin sensitizer.

Germ cell mutagenicity Based on information on the ingredients in this formulation this product is not anticipated to be a mutagenic or genotoxic.

Carcinogenicity
NTP
No ingredient of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

IARC
No ingredient of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

OSHA
No component of this product present at levels greater than or equal to 0.1% is on OSHA's list of regulated carcinogens.

Reproductive toxicity Based on the ingredients in the formulation this product is not anticipated to cause reproduction toxicity.

STOT - Single exposure No information available.

STOT - repeated exposure No information available.

Aspiration hazard Based on the ingredients in the formulation this product is not anticipated to be an aspirational hazard.

Other adverse effects None known.

Interactive effects None known.

12. Ecological information

The environmental impact of this product has not been fully investigated.

Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high-water mark. Do not contaminate water when disposing of equipment wash-water or rinsate. Apply this product only as directed on the product label. Dicamba is known to leach through soil into groundwater under certain conditions as a result of agricultural use. Use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. See the product label for further information.

Ecotoxicity No information available.

Persistence and degradability No information available.

Bioaccumulation No information available.

Other adverse effects No information available.

13. Disposal considerations

Waste treatment methods

Waste from residues/ unused products

Triple rinse (or equivalent), adding rinse water to spray tank. Do not contaminate water, food, or feed by disposal. Wastes resulting from the use of this product are toxic. Improper disposal of unused pesticide, spray mixture, or rinsate is a violation of federal law. Pesticide, spray mixture, or rinsate that cannot be used according to label instructions must be disposed of according to federal, state, or local procedures. For guidance in proper disposal methods, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office. See product label for further instructions.

Contaminated packaging

Triple rinse (or equivalent). Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by appropriate authorities. Recycling decontaminated containers is the best option of container disposal. Do not contaminate water, food or feed by disposal. Do not reuse container. See product label for further instructions.

14. Transport information

DOT

< 250 gallons per complete package

Not Regulated

≥ 250 gallons per complete package

UN3082, Environmentally hazardous substance, liquid, n.o.s., (dicamba), 9, III, RQ

15. Regulatory information

International Inventories

TSCA: Exempt (Pesticide)

Contact the manufacturer for information pertaining to other international Inventories.

US Federal Regulations

SARA 313

Dicamba (CAS #1918-00-9)

SARA 311/312 Hazard Categories

Should this product meet EPCRA 311/312 Tier reporting criteria at 40 CFR 370, refer to Section 2 of this SDS for appropriate classifications.

CWA (Clean Water Act)

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

CERCLA

Dicamba (CAS #1918-00-9) RQ = 1,000 lbs (reached with 250 gallons of product)

US State Regulations

California Proposition 65

This product does not contain any Proposition 65 chemicals.

16. Other information

NFPA	Health hazards	1	Flammability	1	Instability	0	Special hazards	-
HMIS	Health hazards	1	Flammability	1	Physical hazards	0	Personal protection	X

Key or legend to abbreviations and acronyms used in the safety data sheet

Legend Section 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

TWA	TWA (time-weighted average)	STEL	STEL (Short Term Exposure Limit)
Ceiling	Maximum limit value	*	Skin designation
